

God is our shepherd, our guide and our friend  
Leading the way through our lives  
Blessings abound through the love of our God  
Calming our worries and fears

Now our cup will overflow  
Your house will be our resting place  
For we won't ever be in need  
You are here, you'll stay here  
You're the way  
You're the path

Help us make room for your work in our lives  
Take time to be more content  
Goodness and mercy will follow our days  
Dwelling in righteousness
